A nostalgic look at traditional Maori cooking

Pukeko Stew

Skin the bird. When cutting off the legs, make sure the sinews are removed. If they are left, watch carefully when eating as they are like sharp fish bones. Cut in joints, roll in flour and brown in hot fat. Add sliced onions and cook until also brown. Drain and barely cover with water, season well and simmer until tender. Thicken the gravy with flour mixed to a paste with water.

Stewed Eel

700g eel Water
Salt ¼ cup butter
Lemon Breadcrumbs

Cut the skinned eel in slices, clean and wash. Salt the slices and put in a casserole dish. Add a little water, lemon juice and butter. Sprinkle breadcrumbs over the fish, bake in a hot oven with the lid on for 15 or 20 minutes. Lower the temperature, remove the lid and cook for a further 10 minutes.

Serve with boiled potatoes and a green salad.

Mutton Bird

1 mutton bird
2 tbsp white wine, White sauce

Boil the mutton bird for 80 minutes. Pour water off and add clean water. Repeat this procedure until the bird is soft. Place under the grill and brown.

Serve with a green salad and potato chips.

Roroi (Maori pudding)

A recipe for a pudding which is perhaps the only Maori pudding known. Take some very fresh kumara straight from the garden if possible. Wash thoroughly and grate. Place in a shallow baking dish and sprinkle with sugar. Spread over the top of the grated kumara some broad slices of kumara. This will keep the mixture from hardening in the oven. Bake for an hour at 180 degrees. When cooked, this is similar to a steam pudding, and may be served with cream or milk custard. When cold it may be sliced like bread and spread with butter.
